eSmart Coordinator Profile

Jenny believes initiatives like eSmart Libraries play an important part in strengthening and expanding library staff knowledge and skills in order for them to deliver the key messages and promote good digital citizenship.

“Our service strives to be at the forefront of innovation in terms of community access to digital technologies. eSmart Libraries therefore fits in with our core purpose and helps our users to be smart, safe and responsible while being online.”

The working group is made up of:

eSmart Coordinator, Shire Councillor, Legal Officer, Information Technology Officer, Community Programs Coordinator and three community members.

My eSmart highlight:

Progressing through the framework and making changes for the better. Also developing new partnerships and connections with other organisations has been fantastic.

My favourite website:

www.goodreads.com

Best tip:

It's reassuring that policies and procedures will be put into place to be in a better position to respond to an incident.

If I wasn't a librarian I

would be... sad, not sure what else I would find so fulfilling and rewarding.

Favorite childhood book:

“Mrs. Pepperpot to the Rescue” by Alf Proysen
