## eSmart Coordinator Profile

Digital literacy is such an "awesome" resource but it also brings it's own challenges and pitfalls. Here at the City of Charles Sturt we are committed to ensuring we provide the best possible information to assist and educate our patrons and staff in staying safe online.

This eSmart program has been an "amazing" tool in helping us to make sure that we have everything in place to make this happen.

There is so much to learn about the cyber world and it's ever-changing environment and the resource tools provided by eSmart are helping us to review our policies and procedures and initiate changes to benefit everyone.

### My favourite website:

Google

### Best tip:

All the resources you'll ever need are provided for you in the resource tools. But, if you ever need any reassurance or help don't hesitate to contact Jacqui or Kate at eSmart.

### The Working Group is made up of:

eSmart Coordinators, Library Technology Support Officer, Library Digital Hub Coordinator, Library Children's Services Officer, Youth Development Officer

### My eSmart highlight:

My personal highlight was working with the team to create an "Online safety" link on our website and also talking through our framework progress with Jacqui just to confirm that we are "on track".

### If I wasn't a librarian I would be:

A Park Ranger

### Favorite childhood book:

Dr Doolittle books
