## eSmart Coordinator Profile

Libraries are an essential source of information and learning in the community. eSmart Libraries reminds everyone that with technology integrated into so many aspects of our life, libraries are perfectly placed to help people experience technology, ask questions and develop skills.

We have a central coordinator working with key stakeholders to look at what we already do in that space, what we should be doing, how to best go about it, and what it is we need (policies, procedures, staff and community training etc) to do that.

### The Working Group includes:

ACT Digital Hub Manager, ACT Digital Government Manager, a teacher librarian, Marketing Coordinator, two branch library staff, and the Shared Services ICT Manager.

### My eSmart highlight:

Having eSmart Libraries as both a driver and a guide to reviewing and updating existing practices, and developing staff skills. Also having the ACT Digital Hub to help enhance our capacity and opportunities to work in this area.

### Best tip:

Follow the action plan, get help from experts, and don't reinvent the wheel if you can help it.

### If I wasn't a librarian I would be:

An architect or a tour guide.

### Favorite childhood book:

Anne of Green Gables by L. M. Montgomery.
