

# Resource #17

## Managing online privacy and safety

### Four corners

Australian Curriculum Alignment	Level 1	Level 2	Level 3
	Manage privacy of self by recognising that online environments often ask for information that should remain private, and asking permission of a trusted adult before sharing.	Manage privacy of self and others by identifying the importance of agreeing or disagreeing to personal information being shared online or on networked environments.	Manage privacy of self and others by identifying how to give and seek consent when sharing information online, recognising the questions to ask.

Immersion	Activity	Share and discuss
<ul style="list-style-type: none"> <li>The activity acts as the immersive point, through use of movement throughout the classroom.</li> </ul>	<p><b>Whole class:</b></p> <ul style="list-style-type: none"> <li>Project the resource onto your interactive whiteboard</li> <li>You may also have to move desks and create enough space in the class for this to happen.</li> <li>Then, pose the question to the class: "Cyberbullying is when..."</li> <li>Have students choose a corner of the room that they think is the correct answer</li> <li>Each time, reveal one of the incorrect answers and have students choose again, until there are only two options left</li> <li>The correct answer is: "A person or group of people repeatedly and deliberately using words or actions to cause distress using technology."</li> </ul>	<ul style="list-style-type: none"> <li>This activity provides you with a way to discuss what cyberbullying actually is. Focus on the "repeated" and "deliberate" words and have students think about what they might mean and help them see that bullying is a thing done on purpose, over time.</li> <li>Adults even often now see any one-off abusive post or comment as "cyberbullying", and that is not true. Yes, it is awful and we need to address these things, but it is not bullying behaviour.</li> </ul>
